

Semi-flexible stainless steel air duct TG

Description

Semi-flexible stainless steel air duct used for conditioning systems, steam exhaust and other ventilation purposes.

Technical data

Construction	Made from corrugated AISI 316L stainless steel
Temperature range	Up to +450°C
Max air speed	30 m/sec
Maximum pressure	5000 Pa
Min. bend radius	1 Ø
Sizes	Ø100; Ø120; Ø125; Ø130; Ø150; Ø160; Ø200mm
Length	1; 1,5; 2; 2,5; 3; 5m
Colors	Metallic
